

**TATLER 1982**

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000). The prevalence of mental health problems has increased in the general population, and the incidence of mental health problems has increased in the prison population (Mental Health Foundation 2000).

There is a growing awareness of the need to address the mental health needs of prisoners. The Department of Health (2000) has published a strategy for mental health services, which includes a commitment to improve the mental health of prisoners. The Department of Health (2000) has also published a strategy for mental health services, which includes a commitment to improve the mental health of prisoners.

The world's first space shuttle, Columbia, made its debut flight in April of 1981. Its second venture in November, was delayed for eight days because of complications. The shuttle is expected to be used for both commercial and military purposes to deploy and maintain satellites.

Egyptian President Anwar Sadat was assassinated Oct. 6, 1981 while watching a military parade. It began as Muslim fundamentalists opened fire with automatic weapons and tossed grenades. When it ended, 28 spectators were wounded and 7 others either dead or dying. As a result of the tragedy four presidents (bottom right) were brought together.

President Reagan was the target of an assassin's bullet on March 30, 1981. As a result of the assassination attempt President Reagan, Press Secretary James Brady, a Secret Service agent and a Washington Policeman were hospitalized. Accused of the crime is 26 year old John Hinckley Jr.

**Royal Wedding:** On July 29, 1981 Prince Charles and Lady Diana were married. The event was televised nationwide. The wedding and events leading up to it were some of the most spectacular of the year.

On September 24, Arizona's 51-year old appeals-court judge, Sandra Day O'Connor became the first woman ever to be sworn in as a Supreme Court justice of the United States. Many women feel as if this is a great advancement for their struggle to be equally represented. However Mrs. O'Connor asks nothing more than a tombstone reading: "Here lies a good judge."

Pope John Paul II was wounded on May 14, 1981 in Rome's St. Peter's Square. Four shots were fired by a Turkish terrorist named Mehmet Ali Agca. The pope recovered by the end of August.

November 19, 1981 is known to some as the day that St. Louis "got stoned". That is, the day the Stones rolled into the Checkerdome on their current "Tattoo You" tour and "started up" close to 100,000 fans. Throughout their tour, the Stones really kept their fans "Under their thumbs" as they sung old and new tunes. "You can't always get what you want", but let's just say Mick finally achieved "satisfaction" grossing an estimated \$38 million from the tour alone.

The Rolling Stones consisting of Mick Jagger, Keith Richards, Billy Wyman, Ron Wood, Charlie Watts and Don Stewart are one of the oldest touring rock-n-roll bands still hitting the charts. Originally starting out as a rhythm and blues band, the Stones have been around for some 20 years.

Top Right-One of the many signals that the Rolling Stones were coming to town was this sign found on Elm Street.

Center Right-The Rolling Stones

Center Left-Ian Gardner displays several Stones' tickets, each selling for \$17.50.

Bottom Right-This video game found at Tilt in Alton Square is typical of the many that are now so popular.

Each year trends come and go. Some stay longer than others and sometimes last for more than a year.

The ever-popular, yet challenging Rubik's Cube continues to baffle most of us even though a book with the solution to the puzzle came out. It has some 43,252,003,274,489,856,000 possible combinations.

Among other angling fads is what is known as the preppie look. This conservative style of dress includes attire such as knee socks, plaids, Oxford cloth button downs, and of course the Lacoste alligator.

Perhaps the most amazing craze is that of the video games. Last year an estimated 20 billion quarters (\$5 billion) and 75,000 man-years were spent playing arcade machines such as PacMan, Defender, and Space Invaders.

Top Left-Lead vocalist, Mick Jagger excited his fans with his dramatic showmanship.

Center Right-Rubik's Cube baffled many students, like Donna Wahlfell.

Bottom Left-Indian Jones, played by Harrison Ford, triumphed in Raiders of the Lost Ark. It was the top box office hit of the year and continues to rise.

Bottom Right-These models accurately represent the way of dress for a prep.

# HAPPENINGS

Top Right-Gene Wilder and Richard Pryor teamed up for the smash movie, *Stir Crazy*.

Center Left-In Poland, under the leadership of Lech Walesa, solidarity persisted and the Poles went on trying to tilt the Soviet-controlled regime in Warsaw.

Center Right-At Wimbledon, 22-year old John McEnroe defeated Bjorn Borg, 25. In what is probably known as the greatest rivalry in tennis, McEnroe also prevailed in the U.S. Open which was held later in the year.

Bottom Right-Ray Wilkins, head of NAACP, died this year. He is known for his work to end school segregation.

Top Left-General Hospital is a booming success among people of all ages around the country. The show's big event this year was the long awaited wedding of Luke Spencer (Anthony Geary) and Laura Baldwin (Genie Francis).

Top Right-The Altamira dam is a significant part of the community in this area. It not only provides many jobs, but also adds to the scenic aspect of the city.

Center Left-It was Sugar Ray Leonard and Thomas Hearns first to face for the Welter-weight championship title. Leonard ended the fight in the 14th round and as a result is now \$11 million richer.

Bottom-Bill Haley's death was a great loss to the music world. Since 1954 many fans have been literally "Rockin round the clock" to the hit single performed by Bill Haley and the Comets.

# STIG LUDVIGSEN

Sponsored by Youth for Understanding, Stig Ludvigsen comes to AHS all the way from Norway. He enjoys the United States very much and had no trouble making friends here in Altan. Like the other exchange students, he is not ready to return home yet.

Top Right-Stig is shown here with his American family, the Parrino's. They are: Mrs. Rita Parrino, Chris, Mr. Pete Parrino, and Nici.

Center Left-Stig enjoying the skiing on the mountains of Central Norway.

Bottom-These are just some of the new friends Stig has made during his stay here.

# GODELIEVE STEENEBERGEN

Top-Godelieve poses with same friends dressed up as Punk Rockers.

Godelieve Steenebergen, the A.F.S. student from the Netherlands, enjoys being a student at Alton High. She finds it easy to get along with the people at AHS, but she still misses her friends back in the Netherlands. She plans on returning home in July. She says, "It's really great here and I think I've learned alot." Her favorite hobby is horseback riding along with swimming, dancing, and bicycling. She also likes to go to parties.

Center Right-Godelieve is shown here in a ceremonial dress, wooden shoes and lace bonnet.

Bottom-Godelieve stays with Mr. and Mrs. Gary and Gwen Heiningar. Tal and Todd (not pictured).

# JAMIE RODRIGUEZ

Jamie Rodriguez Murphy is an exchange student from Madrid, Spain. He lives with Gary Raybin, a AHS senior, and his family in Godfrey. Jamie is sponsored by Youth For Understanding.

He finds that his classes here are easier and less strict, but a wider selection of courses are offered. He is finding it easier to make friends than before. He hopes to continue his study of guitar, or possibly journalism, at the university in Madrid.

Top Right: Jamie lives with the Raybin family Dr. and Mrs. Raybin, Gary, and Jamie are shown in their home.

Top Left: Jamie enjoys the company of his friends on the weekends.

Bottom: Jamie is on the Redbird Word staff also.

# JORMA ITKONEN

Jorma Ikonen is an exchange student from Oulu, Finland and is living with the Gaston Family during his stay. Although he likes it here at AHS, and has made many new friends since the beginning of the year, he prefers a smaller school to such a large one. He is sponsored by the Youth for Understanding. When asked if he was ready to back he replied, "Not yet."

Top-This is Jorma's home in Finland.

Middle Left-Jorma lives with the Gaston's and their two sons Steve and Bob while in the U.S.

Middle Right-Jorma with Elvi, his mother; Reina, his father and Pekka his brother.

Bottom-Jorma is the drummer for a gospel band.

# FAMOUS VISITORS AT A.H.S.

Top Left: Former Bond Director, Greg Cohnll, and students Sue Largen and Jim Parker accept the flag that was flown during the Inauguration of President Reagan, January 20, 1981 (The day the hostages came home.) It was a gift from Representative Paul Findley to the Marching 100.

Top Right: Representative Paul Findley during his annual visit to AHS campus last spring at the Social Studies Assembly.

Bottom Left: Senator Alan Dixon, Mrs. Nan Paeltz, Mr. Sam McPhall.

Bottom Right: Senator Alan Dixon making his first appearance at AHS for the Social Studies Assembly.

TOP: Asst. Principal Mr. Jungers, accepts autographed from Charles Duke, of his 1972 Lunar walk

CENTER LEFT: In a school assembly, Mr. Duke showed a film of the Apollo 16 mission and discussed many interesting aspects of the flight. A question and answer session followed.

CENTER RIGHT: Mr. Mondy's autographed copy of Charles Duke following the April 16, 1972 Apollo 16 flight.

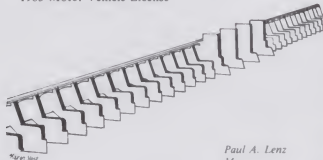

BOTTOM: Representative Jim McPike observes commercial art student Ann Stillwell in Mr. Hansens class. Mr. McPike was invited to tour the J.B. Johnson Center and Olin building to get a first-hand view of the Vocational and Industrial Arts Programs.

# STUDENT AWARDS

## CITY OF ALTON, ILLINOIS

1983 Motor Vehicle License

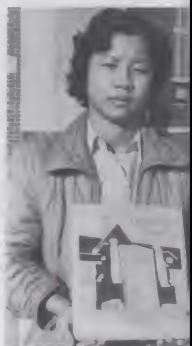

*Paul A. Lenz  
Mayor*

Top Right: The 1983 Alton City Sticker was chosen by Mayor Paul Lenz out of 29 submitted by the Commercial Art students at the J. D. Johnson center. This year Mayor Lenz chose the Lock and Dam 26, designed by Karen Yost, of Alton High. This was the third year the students have designed the sticker.

Bottom Left: Greg Nosella won special recognition in the Mr. Teen Pageant. Mr. Teen is set up for young men, sophomores to seniors in high school. The judges look for achievement in school and in the community, scholastic record, athletic record, personality and teen image. This is not a beauty pageant, but a contest for young men from all over to reveal their talents, abilities and concerns. Each young man is recognized for his abilities. Greg intends to study some form of medicine and to become a trainer for the Doctors for Athletes.

Bottom Right: Son Ta has the talent to carve wood and make it look 3-dimensional. Son Ta has designed the cover picture of the Moira for the 1981-82 TATLER. We should all thank Son Ta for sharing his time and talent with us.

## FACULTY HONORS

### Mrs. Farles

Mrs. Rachele Farles, AHS English teacher was named "Woman of the Year" by the Gateway East Chapter of Phi Delta Kappa. She earned the title through her work in research, leadership, and service to education.

Mrs. Farles is chairman of the AHS English Department, administrative coordinator of English in grades K-12 and classroom teacher. She has helped bring about programs at AHS to teach students the basic English skills and an understanding of being a person.

### New Teacher

This year, we have seen many new faces on our campus, some of whom we have seen before in our school system. However, there is one face which is really new to the Altan School System. That face belongs to Greg Guerra. He graduated from Western Illinois University, and he did his student teaching in Hensdale, Illinois. Mr. Guerra has chosen Altan High School as his first teaching position. He enjoys teaching woodworking, because his students can see their results. Mr. Guerra believes that because his students can see their results, that this motivates them to do good work. When he is not teaching, he likes to play softball and lift weights.

This is a tribute to our cafeteria employees who haven't forgotten (like so many of us) what it is to have school spirit. Here are the unsung heros of the stock pot and steam kettle who day after day prepare high quality, nutritious breakfasts and lunches.

Throughout the year, students in Mrs. Hall's 6th and 7th hour Journalism classes work to produce the Redbird Word. Before each issue, the students bring in Ideas which might be good for the paper. After all the ideas have been considered they go to the editorial board for the final decision. Once this is done students select the stories they want to write. When the stories are written they are sent off where the type is set. The page editors then make up dummy pages from which the final paste-up is made. After all this is finished the paste-ups are sent to the J.B. Johnson center where the printing classes print the paper. Finally the Redbird Word is ready for sale.

Some of our activities and projects this year have been displays promoting vocational education; visiting a child care program; attending our Region 5 Rally (we won second place in name tag design); making granola snacks for the children and mothers at Oasis - a home for battered women; for Thanksgiving we made candy for all the residents of St. Anthony's

Extended Core Wing; at Christmas we collected toys and clothes for Oasis and had a Make It and Take Party for our members; In April we attended the State Leadership Conference in Springfield.

Distributive Education identifies a program of instruction, for senior students, which teaches marketing, merchandising, and management. D.E. offers a wide range of study in many business areas, including display and promotion, human relations, advertising, personal selling, and leadership training. These areas of study benefit both the student entering the job market immediately after graduation or the college-

bound student, majoring in business.

D. E. provides in-class and related on-the-job training which is beneficial in the business field. Employers are partial to prospective employees with work experience. Many employers have hired students after graduation for full-time employees. To students who wish to continue their education and a part-time job during school may help pay for their future education.
